BODY ARMOR 3000 Series

Acts of violence are occurring at an alarming rate. Because active shooter situations are often over before law enforcement arrives on the scene, fire service and emergency medical responders must be prepared to immediately deal with hostile events. LION's **Body Armor 3000 Series** is designed specifically to protect firefighters and EMS during active shooter or hostile event responses. This **NFPA 3000-certified** offering includes three carrier style options as well as three ballistic protection level options, each focused on first responder comfort, mobility and safety.

STANDARD FEATURES:

- Ballistic NIJ certified Level IIIA armor rifle plates designed to protect against active shooters and hostile event response (ASHER)
- Fast and easy donning via multi-point fit adjustment system
- Durable 500D nylon shoulder straps are fully adjustable, padded and ergonomically contoured for extended comfort and greater mobility
- One size fits most (additional sizes available)

CARRIER STYLES

POCKET CARRIER

MOLLE CARRIER

SLICK CARRIER

Carrier Styles

Pocket Carrier: Features six permanent pockets to accommodate accessories such as medical shears, knives, flashlight, pens, universal bungee radio, warming blanket, hemostatic dressing and other medical supplies.

MOLLE Carrier: Features three rows of a MOLLE webbing system to accommodate accessories such as shears, knives, flashlights etc., with a dynamic armored cummerbund for additional side protection.

Slick Carrier: Offers simplicity, free of pockets or a MOLLE webbing system.

All three carrier styles feature the following:

- Dual microphone tab
- Protects against 9 mm, .357 Sig, .357 Mag, .44Mag, .40 S&W

- One size fits most (Additional sizes available)
- External front and rear pockets to add rifle-rated plates
- Dynamic cummerbund for vest security and best fit during movement
- Level IIIA soft body armor panels in the front and back of the carrier, offering more torso coverage and protection
- Integrated triple box stitched carrier handle rated for over 500lbs
- Meets NIJ, DEA, FBI Standards for Level IIIA
- Available in Red, Navy & Black
- Available in Male or Female cuts
- Made in the USA

Rifle Plate

- Meets Level III NIJ 0101.06 and 2018 DEA certifications
- Protects against 5.56x45mm, Ball and Green Tip, 7.62x51mm M80 and 7.62x39
- High-hard steel design
- Shields against sharp objects
- Each plate weighs 6.37 lbs
- Made in USA

Ballistic Helmet

- Advanced padding system with aramid fabric and resin
- Protects against 9mm, .357 Sig, .44 Mag, 5.56mm and 7.62mm
- Crab buckle harness system for single-handed adjustments
- Breathable, washable and impact absorbent pad systems

- Level IIIA advanced combat helmet (ACH), full cut
- Wheel dial for sizing flexibility
- Tested beyond the NIJ Standard (In-house, with special threat requirements)
- Weight 3.1lbs
